Sizing the Gown: Gowns are cut so they fall 8 to 10 inches from the floor. If a longer gown or sleeve length is desired, order one size larger than what would be normal for your height. Be sure to measure your height with the shoes you will wear for the ceremony. The size listed is the actual length of the gown from the back neck to the hem.

Regular size gowns have a fair amount of extra fabric and are sized to look good on those with slender to moderately heavy builds. All others should order a full fit gown, an additional \$5.00. We recommend the full fit gown if the student's weight is over the range shown for their height. Young men who are broad-shouldered often find that they need the "full fit" gown even if their weight is not over that shown on the chart.
